Verifone XL & Tranz Series Time & Date Change

First determine which Chip Version you have. First press the [3] and the [*] keys at the same time. The terminal will then display **DIAGNOSTICS**. Press the [ALPHA] key. If the terminal displays: "YEAR=", follow the **NEW CHIP VERSION** instructions. If the terminal displays: "DAY OF THE WEEK=", follow the **OLD CHIP VERSION** instructions.

Latest Chip Version:

- Press the **3** and ***** key at the same time. Terminal will say **DIAGNOSTICS**
- Press the **ALPHA** key. Terminal will say **YEAR=**, Key in 4 digit year.
- Press **ENTER**. Terminal will say **MONTH=**, Key in 2 digits for the month.
- Press **ENTER**. Terminal will say **DAY=**, Key in 2 digits for the day.
- Press **ENTER**. Terminal will say **HOUR (0-23) =**, Key in 2 digits for hour in Military Time.
- Press **ENTER**. Terminal will say **MINUTES=**. Key in 2 digits for the minute.
- Press **ENTER**. Terminal will say **SECONDS=**. Key in 2 digits for the seconds.
- Press **ENTER** to get back to the main display.

Older Chip Version:

You cannot put the year 2000+ on an old chip version terminal. The year will have to be stored as 19XX. This does not change how the terminal operates. It will just show the wrong year on a printed receipt.

- Press **[3]** and **[*]** key at the same time. Terminal will **DIAGNOSTICS**
- Press the **ALPHA** key. Terminal will say **DAY OF WEEK=**. Key in 0= Sunday, 1=Monday, 2=Tuesday, 3=Wednesday, 4=Thursday, 5=Friday, 6=Saturday.
- Press **ENTER**. Terminal will say YEAR= 19___. Press last 2 digits for the current year
- Press **ENTER**. Terminal will say **MONTH=**. Press 2 digits for the month.
- Press **ENTER**. Terminal will say **DATE=**. Press 2 digits for the date.
- Press **ENTER**. Terminal will say **HOUR=**. Press 2 digits for the hour.
- Press **ENTER**. Terminal will say AM=0, PM=1. Press appropriate number.
- Press **ENTER**. Terminal will say **MINUTES=**. Press 2 digits for the minutes.
- Press **ENTER**. Terminal will say **SECONDS=**. Press 2 digits for the seconds.
- Press **ENTER** to get back to the main display.
